

Hi Dan,

It was a pleasure speaking with you.

I look forward to working and growing with the organization.
My cell phone is (xxx) xxx-xxxx.

I am fairly new at real estate investing and I attended a few meetings at the MREIA and was so impressed that I decided to become a member.

I was very pleased to meet and hear from such genuine and professional people. There was a wealth of experience and a sense of caring from the Board members, guest speakers, and other members.

We know that everyone has advice and are experts, but it's easy to see that the organization is filled with honesty, professionalism, experience, and a genuine interest in your success.

I plan to make this my home for learning and growing while building my business.

Thanks MREIA.
